Business Talks

May 29, 1895.

If the business in any one line was controlled by one individual, what would be the result? If there was a demand for his wares he would be richer than Croesus at the end of a year and you would have to pay through the nose for what you bought of him. In the United States competition has brought the price of necessities down to a stage where people may have them and not be looked upon as extravagant. If you will look around among our stock you will find that it is made up largely of articles for which you have every day use. We have luxuries as well, but, to-day we tell you of things needful about the house. Agate ware for instance!

There's been a scarcity in Coffee Biggins in town, but we have a stock of them. That will interest everyone.

We get our goods in agate ware from La Lance and Grosjean, the makers, and they have the reputation of making the best goods in their particular lines in the United States. We can get "seconds" from them, but the first quality is the best because the enamel will not chip off.

Water coolers, handsomely painted outside and enamel lined inside. Small ones for a family or large ones for a foundry.

Japanned ware includes cake tins, trays, crumb pans, cuspidors and lots of other things. The prettiest and probably the most useful article in the lot is a toilet stand, very neat as to decorations and complete as to detail in the matter of articles that go with them.

The one that will strike your fancy. Has a water tank that will hold sufficient water for the day.

The price of these articles is not in proportion to the value of the goods. You get more for your money than you are used to, but then—competition has fixed that in the United States—we buy cheap and follow the same rule in selling, you understand the Golden Rule.

Retinned Glue Pots and Slop Bowls. Are a new thing with us. Bright and pretty, like a silver dollar.

And you can get them at a price that will amaze you. You should have one of these because they are useful and serviceable.

This is a fish-eating community because the fish are fresh and of an exquisite flavor. All people do not know how to cook them so as to get the substance.

With one of our Agate Steamers you can steam or boil your fish. And not lose the flavor.

These fish kettles vary in size from the mullet to the ulua, and the price goes according to the size.

Farmers' Boilers are not used in every household, but there is scarcely a plantation on the islands but what requires one; they are not to be found in every store in the city, but we have a few of them to accommodate the people who want them.

Among other useful articles let us call your attention to agate and tin basting spoons, tea and coffee caddies, egg poachers, chopping bowls, dish pans, dairy pans and wooden potato slicers.

What is better with your chop in the morning than a few Saratogo Chips? You can get them by using one of these slicers.

Our stock is complete in detail—nothing old or shop-worn.

LOCAL & GENERAL NEWS.

Postmaster Forsythe of Lahaina is in the city.

Does any one remember a rainy 11th of June?

W. M. Graham was presented by his wife with a son yesterday.

E. E. Richards, manager of the Hilo telephone company is in the city.

The usual salutes were fired at noon yesterday by the warships in port.

J. W. Mason, the Oloo coffee planter is in a business trip to Honolulu.

It is rumored that a fire engine house will be erected on the old base ball grounds Makiki.

In the city the day was quietly spent by hundreds of people who see no pleasure in horse racing.

Members of the Salvation Army and their friends had a basket picnic at Remond Grove yesterday.

Members of the Honolulu cricket club are negotiating for the lease of land suitable for a cricket ground.

Julian D. Hayne is hard at work on his Magazine, The Hawaiian. It will probably be issued on the 20th inst.

Officers of the Philadelphia find more pleasure in early morning bicycle riding than they do in the shore drill.

This is a busy day on the water front and among the shippers. Ten island steamers leave port for the other islands.

The base ball game scheduled for next Saturday is postponed until August 15, on account of the athletic club games to take place on the league grounds.

Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night; \$1 and \$1.25 per week.

The men at work on the new college building were not given a holiday yesterday. When lunch was served the committee sent them a bountiful repast.

City Carriage Co., J. S. Andrade, manager. If you want a hack with good horses and a careful driver ring up Telephone 113, corner Fort and Merchant streets. Hack at all hours.

The cricket game yesterday though only a scrub match was fairly good. There were few spectators most of the people being at the races or the Central Union Church picnic.

G. R. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

There is some talk of a bill being introduced in the Legislature to regulate the time on which omnibusses shall run. It has been suggested that they run from midnight until 4 a. m.

The criminal calendar of the Circuit Court has been entirely cleaned up by Judge Cooper, who is now only awaiting a few dilatory lawyers to try two or three civil cases and close up the term.

The dusty condition of the roads through the park to the race track yesterday evoked considerable unfavorable comment on the Park Commissioners. They might have been sprinkled at least one day in the year.

If you want your watch repaired If you want jewelry made up neatly. If you want souvenir spoons, or anything in the jewelry line. H. G. Biart, at C. Gertz's store, Fort street, is your man. He was for ten years the practical watchmaker for Wenner & Co.

IT HAS BEEN REMARKED by visitors that for variety of goods, quality and style, the shops of Honolulu compare favorably with those in the largest cities in the United States. These remarks are not strange to us because we are familiar with the needs of the people, we know that their tastes are the same as other people, though they are to a degree isolated from the rest of the world. But they are a reading people and they are apt scholars; they have the same amount of ability to copy the ideas of others or create new ones as the ladies of New York or Boston. To cater to the tastes of the different people here requires tact, ability and coin; in the selection of goods, both as to design, quality and price, all of the business qualifications of man are brought into play.

If we did not exercise it in our corner of the mercantile world how could we offer all shades of genuine woolen goods, not shoddy, but woolen at fifty cents a yard, when every other dealer in Honolulu sells the identical goods for seventy-five cents and a dollar. Nor do we confine ourselves to a single shade—we have them in endless variety.

The same may be said of our stock of all-wool flannels. Who ever heard of them going for less than fifty cents a yard. They bring that because they are worth it to any one who wants them, but we let them go to you at thirty-five cents a yard, or three yards for a dollar. You can't realize it but we can prove it to you as easy as we can show you the largest and handsomest collection of white goods of every description ever shown in Honolulu.

The goods are here and the wearing qualities are guaranteed; we are ashamed to mention the prices out of consideration of the feelings of our rivals; they're low enough of that you may be assured.

A drive in shoes interests every one—our stock includes all sorts and conditions for men, women and children, and to go with the shoes we have a wonderful collection of hosiery for ladies.
